Equipment Updates:

We now have a Homenastics line specifically with parents on a budget. They'll get Home quality equipment without paying commercial grade prices. We'll be sending an updated price list that includes the new items.

Home Tumbling Mats are available in 4'x6'x1 3/8" or 4'x8'x1 3/8". They're made of soft comfort feel material and 1 3/8" foam, ideal for basic tumbling skills and base matting.

The **Playtime Circle Mat** is 5 ft in diameter and 1.5" thick. It's made of high density hypoallergenic foam, perfect for tummy time and learning to crawl or any floor time preschool space. Folds away for easy storage!

Home Practice Mats are available in royal blue or purple. They measure 4'x6'x6" and feature a washable outer cover made of a durable quilted nylon fabric. They ship compressed which saves on shipping costs.
